JOB EXPERIENCES

- **WEB DEVELOPER | FREELANCE**

september 2023 - Present

- Freelance project: Designed and developed the website for afarhalkdernegi.org, a small association, utilizing React for enhanced functionality.
- Translated the mission and goals of the association into a user-friendly and visually appealing online presence.
- Strengthened web development skills with a specific focus on React through hands-on experience in this freelance project.

- **FRONTEND DEVELOPER INTERN | TECHPRO EDUCATION, ONLINE**

March - September 2023

- Completed a remote front-end development internship with a focus on creating compelling and responsive user interfaces.
- Collaborated closely with a remote team to design and implement essential features for various projects.
- Proficient in coding with HTML, CSS, and JavaScript to enhance the visual appeal and interactivity of websites.
- Contributed to the integration of front-end frameworks like React, resulting in more dynamic and interactive project outcomes.
